

# Lens Adapter

## 1 to1 Lens Adapter for 35mm SLR Cameras

This lens adapter features exceptional doublet optics to assure 1 to 1 ratio photography with a 35mm SLR camera. Mounting is easy—simply screw into the filter mounting threads of a standard 50mm or 55mm lens. The transparent acrylic spacer cylinder serves as a camera support and fixed lens to target dimension measure for 1:1 photography. Order the size to fit your 50mm or 55mm lens.
