

Magnum Evidence Vacuum Sweeper Kit

you to
ing, draperies and many hard-to-reach places. Those particles will be collected in the evidence filter, which is so effective it will even collect particles as small as 0.1 micron. When you're finished vacuuming, simply plug the evidence filter, cap the crevice tool and insert them both into the kit's "one-shot" 5½" x 15½" preprinted evidence filter transport bag that is 3.2mm thick and self-sealing. A cone-shaped plug and crevice tool cap come with each crevice tool and filter. The crevice tool and filters, and transport bags are disposable to ensure integrity. The sweeper weighs just 3.5 pounds and is 14" overall in length. Runs on 117V AC. Comes with a roomy, 19" x 11" x 11" carrying case with molded inserts for storing attachments.

This is the first vacuum ever designed specifically for evidence collection! Compact and lightweight, the magnum evidence vacuum sweeper can be carried to any crime scene with ease. The sweeper features a crevice tool that is permanently attached to a see-through, "one-shot" evidence filter—eliminating cross-contamination of crime scenes and ensuring the integrity of your evidence! The crevice tool will allow vacuum the most minute evidence particles from floors, furniture, clothing,
