Crime/Accident Photo Evidence Numbers

These are numbered signs for use at crime or accident scenes to indicate the location of relevant evidence. They are fabricated of one-piece 0.032-inch yellow vinyl-clad aluminum or 0.50" thick polystyrene material for long-life. The numbers feature a matte finish to reduce reflections. Their A-frame form allows for nested storage.

Features:

Color: Black numeral on yellow background

Material: 0.032" aluminum or 0.50" polystyrene

Dimensions: 7 1/4" x 4 1/2" x 4 1/4"
